Welcome to the Autumn edition of the Parish Review. Information is included about what's going on in the parish during this period between

September 1st to the end of November 2012.

The Review is also available on line at the Parish Council Website.

ANTI-SOCIAL BEHAVIOUR

It has been reported to the Parish Council that there has been an increasing number of incidents of cars exceeding the speed limits and sounding horns late at night in certain areas of Illogan.

Obviously speeding is against the law as is the sounding horns except in emergency. This has already been reported to the police but anyone with additional information relating to these offences please pass them to the police as soon as they are noted.

There has also been reported a particularly nasty case of the theft of three vases from a grave in Illogan cemetery. Two are black and the third is pink, inscribed 'To a wonderful niece' If you have any information relating to this please call the police on 101 quoting AC/12/2935

There has also been a recurrence of vandalism in Maningham Wood where several newly placed, and expensive, woodland trail signs have been broken.

The Council is not prepared to ignore these types of behavioural activity in our small community and the known details have been passed to the police for further action.

On what is a more pleasant note, there has been a very high level of positive community spirit over the summer period and this issue of the Review has been increased by a few pages to reflect the public and volunteer involvement in Maningham Wood, the Illogan Parish Fair, The Gardening Competition, and the dressing of Mary's Well.

REMEMBRANCE DAY

The Remembrance Day Parade will be held on Sunday 11th November and it is thought that the parade will set off from Richards Lane, Illogan between 2 - 2.30pm and march to Illogan Parish Church. There will then follow a Remembrance Service at the War Memorial in the St. Illogan Parish Church grounds and in the church. Following the service the Parade will re-form and march out of the North Gate and through Churchtown before entering Church Road and returning to the Royal British Legion in Richards Lane.

As always, your support and/or attendance is always welcome

The next issue of the Review will be available on 1st Dec 2012.

Potential entries for inclusion **must** be with the Editor by the **15th Nov.**

Many thank to Bill & Denise of the New Inn Park Bottom for their kind donation of meal voucher prizes for the Parish Gardening Competition (See page 17)

CORNWALL AND PARISH COUNCILLOR REPORTS

Political foot in mouth ! A Former Deputy-Prime Minister said:

'The Green Belt is the initiative of our party, and we intend to build on it.'

Cornwall Councillor Terry Wilkins MBE

Well, what a great time we have had in Illogan this year so far?

We have had the Fun day in the Park even if it did rain ! We have had the Illogan village fair which was well attended with loads going on thanks to

Steve Turner and his committee. And then we had the Illogan gardening competition. Thanks goes to Roger Benney for taking up the organising baton ! I have been surprised by the photographs of the hidden gems within the village and, I make no apologies for repeating myself when I said that when you are campaigning for election and knocking on doors, you never get past the front door and see what residents have achieved in their back gardens. I congratulate the winners and hope those not successful try again next year.

Illogan Parish events committee, of which I am one, want to bring even more events through the year. We still have the Christmas lights to come and that looks as if it is going to be a grand evening at the Robartes which I am glad to see is open again and, the New Inn the following evening. We have everything in place for a superb evening at both events and, Pam Spriggs is again going to keep us amused at the New Inn. She is quite surprised as she said that she never usually gets asked back a second time!

Again, my thanks goes to our volunteers who, without their help it would be a tremendous task to put these things on. Also, to our Parish Council Chairman David Eckinsmyth who has the 'let's get on and do it' attitude and worry about it afterwards.

Finally, a bit of Cornwall Council stuff. I have, with the County Highways Engineer, been looking at ways to make it safer for children coming home from school at Paynters Lane End. It's a problem with such a complex junction but hopefully we will come up with a solution.

**Enjoy the rest of the summer,
Terry**

Parish Council Chairman David Ekinsmyth

As I write the Council is enjoying it's summer recess, which means there will be no Full Council, meeting this month. Other meetings continue however and Councillors continue with their normal business, unless they are fortunate enough to be away on holiday.

A couple of items to update you with: After a detailed and exhaustive selection process the Council decided to appoint Sarah Willsher as our new Parish Clerk and Proper Officer. Sarah has been acting as Locum Clerk since August last year and has got to know the Council and its strengths and weaknesses very well, and yet she still wanted the job! Equally we have all had the opportunity to work with Sarah and I am confident that the Council is in excellent hands for the future. She will be based in the Parish Office on the Tolvaddon Energy Park and the office will now be open 4 half days during the week. The job of Parish Clerk is a very responsible one as she has the duty to ensure that all functions are carried out in a legal and proper fashion, and councillors are advised on their role and responsibilities. All in all I believe we now have an effective team looking after Illogan, and I think future events will show how essential this is.

Sarah is joining as another stalwart of the Parish takes his leave. I refer of course to Reverend Canon Mike Kippax. During his time in Illogan Mike has always supported the Council and made it his business to ensure that the local church and wider community worked together in the most effective way. He was the main influence behind the successful bid for and creation of the Village Hall, and without him we probably would not have it today. He was always involved in the organization of all events and played a leading role in most of them, most recently in the successful revival of the Illogan Parish Fair. He was a member of the Parish Plan group where his wise counsel helped us produce the valuable document we are now working from. He received the Ray Uren Memorial Award, which the Council gives as recognition for extra-special service to the Illogan Community. Mike, we wish you all the best for the future and success with whatever you are planning next.

One way and another the Council has had a very busy year and next year looks no different, but I believe we are well set up to move on. Thanks to all who have helped us.

A few years ago, when a notable politician was charged with a failure to pay his taxes, his defence statement read that "He had not committed any crime, he had just failed to comply with the law"

ILLOGAN VILLAGE HALL

4

You know when you are 60+ because you quit trying to hold your stomach in, no matter who walks into the room.

Village Hall Hire

The hall is available for parties, receptions, meetings and conferencing at very competitive rates. Facilities include the main hall, a fully equipped kitchen and a meeting/training room. Tables and chairs etc are available. To book or for more information **contact** Sue Skewes on 01209 843575

Note: We are very lucky to have our own Cubs and Scouts group here in Illogan. The leaders have said that are some spaces for Cubs because some of the existing Cubs are moving up to Scouts soon. Scouting (open to boys and girls) is always fun but provides opportunities to master new skills as well as to develop communication and social skills. If you would like more information or would like to reserve a place for your child please phone 01209 843845. Additional Info Cubs are aged 8 to 10 ½. If your child is not yet 8 then phone anyway and your child can go on the waiting list. It costs £21 per school term. Cubs meet on Thursdays 6.30 to 8pm in term time.

VILLAGE HALL NEWS:

Whilst a number of our regular groups take a summer break others such as Hatha Yoga, Slimming World, Cornwall Scale Modellers, Bridge Stitchers & Crafters and Stamp Your Art Out continue to meet. If any of these activities appeal to you then why not give the group leaders a call or drop in on their session?

Parish Fair

We were delighted to be part of the recent Illogan Parish fair which was a great success. The Illogan Players show, lead by Bronia Saunders, was another triumph here at the Hall. The variety show, "All at Sea", was a sell out and a lovely end to a very full day. We now look forward to supporting the event again next year.

Time to volunteer or get involved?

Feeling somewhat exhausted from watching the Olympics I was struck by one overriding thought. What a great job was done, but only because of the support of people just like you and me. Think what we could achieve here in Illogan if we are all prepared and able to give a little of our own time? Have a think and if you have a little spare time why not offer to help run the Village Hall or one of the many voluntary groups who are based here at the hall. If you would like to help to run an activity or think you could support one of them in some other way then please pop along to their session or give their main contact a call. Thank you.

Remember, we always do what we can to accommodate new clubs so if your group would like to meet at the Village Hall then please phone 01209 843845 for a friendly chat or to arrange a look around.

ILLOGAN PARISH FAIR

What a great day! We were very lucky with the weather, only having one brief rain interruption. Fortunately there were plenty of indoor options for visitors. The event was well attended and very well supported by members of the local community who brought a wide and varied selection of exhibits and activities.

You could hold an Olympic torch, go to the art exhibition, discover the history of Illogan, marvel at the world in miniature thanks to Cornwall Scale Modellers and the Moseley Museum, talk technical with the engineers and their stationary engines, get up close to one of two full size steam traction engines, take in the delights of the horticultural show or simply try and win a coconut!

The Parish Fair Project Group members are extremely grateful to all the people who contributed to the show and to the Parish Council for their financial support.

The hard work of the project group members should also be acknowledged. Not only did they successfully revive a much loved Horticultural Show after a 7 year break but also managed to create a show that any community would be proud of .

CLlr David Ekinsmyth presided over the opening ceremony and after a few words of thanks by Mr Ekinsmyth, Mr Hague, Head of Illogan School added his thoughts before finally handing over to Reverend Canon Mike Kippax who, as guest of honour, cut the ribbon and declared the first Illogan Parish Fair open.

Next years show will be on Saturday 13th July 2013.

SOCIAL EVENING OUT?

On your own and fancy an evening out once a month or so? How about an evening meal, a trip to the pictures or just a visit to the pub? Maureen is trying to organise such events, primarily for the over 60's (but not necessarily so). Transport can be provided if necessary as long as the group doesn't get too big. If you think that you might be interested please contact Maureen for a chat and further details on **01209 314805**.

The cinema was 'Invented' during the 1890s, during the industrial revolution. It was considered a cheaper, simpler way to provide entertainment to the masses. Movies would become the most popular visual art form of the late Victorian age

Years ago wealthy people had plates made of pewter. Food with a high acid content caused some of the lead to leach into the food, causing lead poisoning and death. This happened often with tomatoes, so for the next 400 years or so tomatoes were considered poisonous

Wellbeing Centre Venue Hire

Our Lounge Library (above) is a popular venue for day time meetings. It's sofas and armchairs provide a comfortable, relaxing setting and tea and coffee making facilities are available.

The Assembly Hall (right) has kitchen access and is a spacious room suitable for parties and functions. The sprung wooden floor is ideal for dancing.

We have gardens and car parking and the Centre has disabled access.

Wellbeing Centre Harvest Fayre and Silent Auction

The Centre's big fund raising event will take place on Saturday September 22nd. Money raised last year funded new lighting, decorating and refurbishment of our Halls. This year we are looking to begin work on the grounds and to carry out repairs to the Centre's chimney. These works are in addition to our major refurbishment project which has included improvements to the fabric of the building and helped with energy conservation.

Fayre day will include plants sales, produce, books, and hand made crafts. We welcome enquiries from local crafts people interested in a stall on the day and would like to hear from anyone able to donate something for our Silent Auction. Please contact Jeanette Tapping on 01209 842999.

Wellbeing Centre Books – Going, Going, Gone

The Wellbeing Centre's Library and book stock proved very popular on Illogan Parish Fair day. Books are generously donated by users of the Centre and the local community and the Centre 'recycles' them by selling them for just 50p each. We have plenty of books and more coming in each week so watch out for our sale days and come along and browse through our stock. We are happy to receive donations of clean, good condition books and dvds. (Please note we do not accept magazines or videos).

Mission Statement: The Self Heal Trust's purpose is to promote a Holistic approach to Health and Wellbeing, through the provision of facilities, information and experience for everyone.

Venue Hire: £6 per hour per hall / Parties from £8 per hour per hall - our Assembly Hall has kitchen access (for serving only) and a ('secure') toilet facility

HAND BELLS

Some years ago there was the Selwyn Brown team of hand bell ringers. They were very popular at the time and had a lot of fun together, practicing and performing.

Sadly, when Selwyn died, the team disbanded.

However, the fine set of hand bells, that had long been associated with Illogan Parish Church, and had been carefully restored only a few years previously, still exist. Selwyn's widow Joyce would love to see then put into service again so if you fancy the challenge of forming a new hand bell ringing team, please contact any member of the Ministry Team for further details. (*See the Link magazine for the list of who they are*)

With the departure of Mike Kippax it is hoped that the 'Link' magazine will continue in production, although it may be necessary to reduce the number of pages.

Articles for potential inclusion should be passed to
Cllr Graham Ford or sent to the new email address:

Cornwall Enquiry and Information Service is part of Cornwall Libraries, and is accessible to everyone. You don't need to be a library member to use it. Whatever the nature of your enquiry, ring free of charge, e-mail, write to us or use "live chat" and we will provide an answer. You might want for example:

A contact for a local club or evening class.

An obscure piece of historical information which you can't find online

A section from an Act of Parliament, or access to legal cases.

A residential or business phone number for anywhere in the country

Help with finding out how to get grant funding for an individual or group.

To find help with tackling a consumer problem or to know how to borrow a book not in Cornwall stock

The Enquiry and Information Service is here to help you, and the service is free. We only charge for printing and postage, if required. We have a team of information professionals dedicated to finding an answer to your enquiry. Where we don't have the information ourselves,

In the 1500's the wealthy had slate floors that would get slippery in the winter when wet, so they spread 'thresh' (straw) on the floor to help keep their footing. As the winter wore on, they kept adding more thresh until when you opened the door it would all start slipping outside. A piece of wood was placed in the entranceway and became known as a "threshold."

Orders for items can be made, and a gift parcel service is available for order deliveries to be made to friends and family.

PROOF READING

The Editor of the Review would like to hear from three or four potential volunteers who consider that they might have the time and the ability to proof read the Review before it goes to print. It will take about an hour every three months. The objective is to check through the document looking for obvious spelling mistakes along with grammatical errors. anything which may be considered contentious, or information which may be suspected as being incorrect should also be noted and the details sent back for correction.

If you picked up on the errors in: line one (Spelling of Editor). Line eight (No capital letter after the full stop). Line ten (triple spacing between *being* & *incorrect*) in this text, you are off to a good start !

THE RISK OF DIY !

A average 58 Brits are injured each year by using sharp knives instead of screwdrivers.

An average 3 Brits die each year by testing, with their tongue, if a 9v battery still has any power.

And when you buy new clothes, remember:

142 Brits are injured annually by not removing all the pins from new shirts.

18 Brits had serious burns in 2010 trying on a new jumper with a lit cigarette in their mouth.

Some of the scams to be aware of:

By Editor - Some issues ago I warned of phone calls, thought to originate from the Indian sub continent, where the caller, claiming to be a agent of Microsoft or some other major computer related company, asks to access to your computer where, for a charge, the caller will offer to 'clean up' your PC, remove any malware present and add a program which will prevent any reoccurrence of infection.

There is another round of phone calls presently taking place and you should think very carefully before you enter into any such agreement.

There is another crime being perpetrated mainly on the more elderly, lone drivers. The scenario is that you get into your car, start up, and as you check your rear view mirror you notice a paper folded under the rear wiper. The tendency is then to get out of the car to see what it is and the engine is left running and the drivers door left open. Whilst you are at the rear of the car an agile thief who 'just happened to be passing by' jumps in and drives off with your car.

If you do notice any sort of paper at the rear of the car, take your keys with you to see what it is, or drive away from the area before you get out to retrieve it.

One for the ladies - if you are using a public toilet, don't hang your handbag on the coat hanger behind the door. It's too easy for a hand to come over and take it, and you are, of course, near powerless to prevent it.

TUESDAY 13th NOVEMBER IS CHRISTMAS SHOPPING NIGHT AT THE SCHOOL

BISHOP VISITS ILLOGAN SCHOOL

The Bishop of Truro visited Illogan School after a request from a Year 6 pupil. Eleanor Bray wrote to The Right Reverend Tim Thornton saying how much she enjoyed the "Open the Book" assemblies organised by TA Denise Jukes every Thursday.

Volunteers from local churches perform Bible stories in a fun and engaging way to the delight of the children. The Bishop took part in this week's story about two builders, one building their house on firm foundations and the other on sand, which he related to everyday life.

WEDDINGS

The Reception (no pun intended) Class children have been learning all about weddings. As part of their learning they visited Illogan Church where the

Reverend Mike Kippax conducted a special wedding ceremony. The children really enjoyed the experience and even held a reception back at school complete with a wedding cake!

MERIASEK

A cast of over a hundred students from local schools performed at Heartlands. Through May, June & July students have worked with a team of theatre professionals to create Meriasek, an exciting piece of drama based on the Cornish medieval saint's life.

Eleven children from Illogan school took part.

THE FRIENDS OF ILLOGAN SCHOOL

The Committee and its officers hold regular meetings, usually on the second Tuesday of the month.

The aim of the Friends is to raise funds for the school to pay for things that cannot come out of the school budget, these include: outdoor play equipment, class trips, prizes for competitions, and supporting school clubs.

The Friends hold various fund-raising events throughout the school year, such as the Summer Fete and Sponsored Walks. New events include Bingo evenings which are being held in the school hall.

Summer Fete The annual summer fête, organised by the Friends of Illogan School was deemed a great success, raising £1,440.

There were various attractions including face-painting, fairground and tractor rides, candy floss and a coconut shy. Soak the teacher proved popular once again and the school choir sang beautifully under the leadership of Mrs. Julie Hamblin.

Volunteers are always needed so anyone interested in joining the Friends can have a look at the Illogan School website for details of the next meeting: www.illogan.cornwall.sch.uk or contact the Chairman Andrew Morrissey on 01209 218725.

Saint Meriasek was a Breton saint thought to be from about the 4th century. He is the patron saint of Camborne. The legend of his life are known through Beunans Meriasek, a Cornish language play completed in 1504 and now translated into English.

Conan Meriadoc, the legendary king of Brittany at the time, wanted to arrange a political marriage for him, but Meriasek preferred to renounce his inheritance and become a priest. He thereafter performed several miraculous cures and also crossed the Channel to Cornwall where he founded an oratory in Camborne.

Albert Einstein, when asked to explain his theory of relatively in basic terms said: When you are courting a nice girl, an hour seems like a second. When you touch a red-hot cinder, a second seems like an hour. That's relativity.

REMEMBRANCE AND DEDICATION With thanks to the **CAMBORNE ROYAL BRITISH LEGION**

On the 28th July 2012 there was a service of remembrance and dedication of the new memorial stone to the 4 airman who lost their lives just outside the parish at Roscroghan.

At 8.55am on the 24th July 1942, just 5 minutes after take off from Portreath, a Bristol Beaufort twin engine torpedo bomber destined for Malta crashed into a disused chapel at Roscroghan near the Red River valley. All 4 crew members perished at the scene.

The reasons for the crash remain unclear but it is generally thought that the aircraft was trying to return to Portreath having suffered from a mechanical failure. The aircraft was completely burnt out and as a result no meaningful evidence could be obtained, but it was reported that an engine was heard to be miss-firing as it overflowed Camborne. A full load of fuel and munitions would have made it virtually impossible to fly the aircraft with only one engine serviceable and thick low cloud cover on the day would have added to the pilots difficulties.

Further information can be obtained from beaufort.aw288@gmail.com and it is hoped that there will soon be a website available offering more detail as it becomes available.

SUNDAY NOVEMBER 11th is of course Remembrance Day

At the time of going to print the programme has not been confirmed but it is thought that it will follow the routine of last year. (See page 1). It would however be worth checking with the RBL direct a little nearer the date in case there are any changes planned.

The Central Band of the Royal British Legion is the Legion's flagship band. And was formed in 1944,

*The Beaufort was used by Australia, Britain, Canada, and Turkey.
The Bristol Beaufort was the main torpedo bomber of the RAF
from 1940 to 1943 until it was replaced by the Beaufighter.
The Beaufort was also used by the RAF as a mine layer.*

RECENT EVENTS:

The annual **May Bank Holiday plant sale, market and auction** held at Illogan School attracted hundreds of bargain hunters from Illogan and surrounding areas.

The plant stall outside created a mini Chelsea Flower Show. The crowds of people then found further treats and bargains indoors.

In just three hours a total of £3,547.40 was raised for Cancer Research UK Illogan Branch.

13 year old **Abi Rouse** from Tehidy and her friend **Amy Willis**, who are both pupils at Pool Academy, decided to raise funds for Cancer Research UK. They baked cakes which they sold to their friends and neighbours.

The Treasurer of the Illogan Branch was delighted to have a visit from Abi and was presented with the results of their efforts which totalled £17.40 - This was an unexpected & generous donation from two very kind young ladies with their own idea on how to help.

Mrs Mary Grigg of Marys Well Illogan has been the Chair of the Redruth Tangent Club during the past year. The Illogan Branch Treasurer was pleased to be presented with a cheque for £700 from Mrs Grigg and her friends of the Tangent Club which they donated to the Illogan Branch of Cancer Research UK.

Four pupils at Treleigh School have been very busy raising money for cancer Research UK. **Jago Ford** age 10 and her sister **Tecca** age 7, **Harry Kessell** age 7 and **Jamie Kemp** also age 7 wanted to join their mums in taking part in the Race for Life 2012 event to raise funds for Cancer Research UK.

As this event is just for females, the boys decided to plan their own fundraising activity. They decided on a 10 mile bike ride and aimed to raise £100 between them. All four youngsters worked very hard for the sponsored event,

writing letters to people to see if they would sponsor them and organised stalls and competitions for a fun afternoon during their half term holiday etc.

On July 1st all 4 children cycled 11 miles with their supporters and on the 15th July Tecca did the 5 km Race For Life in Truro.

At Treleigh School on the 19th July, Cancer Research were delighted to be presented with a massive cheque for £1,162.23 from these wonderful young people.

This is a magnificent result. Well done and thank you so much Jago, Tecca, Harry and Jamie. We are all very proud of you.

FORTHCOMING EVENTS

A stroll through Maningham Wood is clearly something that many local people enjoy. In the peaceful setting of the wood it is possible to see a range of animals and birds seldom seen elsewhere and the nature trail signs extending through to the churchyard indicate what may be seen at the various places. Each animal or bird seen will probably be seeking its food and they are only there because the wood provides it.

We may wonder what is there for them to eat. To try to answer this question, two years ago, the Friends of Maningham Wood built the 'bug hotel', a hiding place for the many kinds of mini beasts that live in the wood and which are probably the prey of those larger creatures we like to see. Then recently a morning was organised for children and parents to help us take apart the bug hotel and identify the inmates. Within this pile of pallets stuffed with sticks, canes and pipes, filled with cosy nesting material, insects of many kinds were found by the 16 youngsters each armed with 'pooters', to catch the bugs, magnifying glasses and holding tubes. We were glad to have Cornwall Wildlife Trust expert, Sue Scott, there to help identify each find.

The 'catch' included various beetles, spiders, moths, woodlice, earwigs, millepedes, centipedes, harvestmen, springtails, slugs and snails. Having studied and identified, as far as possible, each species, the 'catch' was safely replaced in the rebuilt hotel so that they have their preferred resting place for the coming winter.

This was not only good fun but also a useful guide to what is hiding away in our wood. It is good to see so many children enjoying themselves and learning about the insects there. On a sadder note it is regrettable that both the bug hotel and the expensive nature trail signs have been vandalised recently.

Our plea is that those who may, perhaps, hold a grudge against Society, the Parish Council or just those who seek to improve things, will refrain from such acts spoiling that which most of us enjoy and value

The species list was as follows:

Common Garden Snail*Helix aspersa*

Ground Beetle*Nebria brevicollis*

Various micro moth species

Various spider species

Common rough woodlouse
Porcellio scaber

Orange Underwin Moth*Archicaris parthenias*

Common Earwig
Forficula auricularia

A Millipede Species

A Beetle species

A Harvestman Species

Door snail species

Snake Millipede
Cylindroiulus punctatus

New Zealand land Hopper
Forficula auricularia

A springtail sp

A Centipede*Lithobius variagatus*

If there are any readers would like to participate in the management of Maningham Wood, why not consider joining the 'Friends' who meet monthly and organise events such as the bug hunt, the dawn chorus walk or bat watch evenings. Please contact Alison for details

**The Next event in Maningham Wood is a Bat Walk on Sept 1st at 8.30pm

Work has commenced on the refurbishment of the woodland side paths in Maningham Wood. Stone chippings are being laid and packed down on the smaller side paths of the wood and work should be completed by the time you get this issue of the Review.

THE PARISH GARDENING COMPETITION

17

Not the gardening type. I had a rock garden and even then three of them went and died !

The first Illogan Parish gardening competition took place in July of this year and proved to be a successful event. There were numerous entries in the four categories, the best kept garden, the best young gardener, the best pots and tubs display and the best project.

Winners Sheila Johns for best garden, Carol Drinkwater for best pots & tubs and Jemma Kearney for best young gardener each received a trophy, a framed picture of their garden and a gift voucher.

Illogan School Gardening Club won best project for the flowers, fruit and vegetables in their garden area and received a framed photograph and a gift voucher. Also to note, the club won, or were placed, in several categories at the Illogan Parish Fair.

Many thanks to Bill and Denise of the New Inn, Park Bottom for donating the two gift vouchers for the adults whilst the school and Jemma both received vouchers for use at the Trevenson Garden Centre.

Thanks must go to the Parish Council for supporting this event with both the finance and the general organisation.

The prize giving was officiated by Cornwall Councillor Terry Wilkins who presented all the winning cups and several 'Highly Commended' certificates for best garden, best pots and tubs and best young gardener.

Thanks also to Mr Andrew Tompsett for his input through the planning stages, for judging the entries and for his commentary through the slide show of all the participating gardens which took place after the prize giving.

A further Highly Commended certificate was also awarded to Anne Crocket who was unfortunately unable to attend the prize giving event.

Jemma for best young gardener

Sheila for best kept garden

Carol for best pots and tubs

Teresa on behalf of the Illogan School Gardening Club

Stan and Barry with Highly commended certificates for best kept gardens

Terry with Adam who received a highly commended young gardener award on behalf of his Sister Tammy

In a completely different gardening competition with wider coverage than our Parish, congratulations are in order to Illogan winner Carol Ann Evans for Best Garden and to second placed Pauline Collins of Park Bottom for Best New Garden

MARYS WELL & ROWING

18

"Row, Row, Row Your Boat" is an English language nursery rhyme, and a popular children's song originating in 1852

*Triumphant. Helen & Heather
The first British female rowers
to win Olympic Gold.*

Congratulations to Team GB for their performance at the recent Olympics and in particular to Helen Glover from Penzance who, with her rowing partner Heather Stanning, claimed a gold medal as they triumphed in the women's pair rowing. The pair led the race from the start and Helen, clearly enjoying the moment, was smiling during the last 250mtrs, no doubt convinced at that point that they were on course for a win.

Congratulations to all the competitors, and didn't Team GB do well?

Mary's Well, Illogan - (A feature of the Illogan Trail Walk - See the Parish Council Website and/or Tour Guide Leaflets are available free of charge from the Parish Office)

Gustavus Lambert Bassett erected this memorial in honour of his wife Charlotte Mary but unfortunately he died just before it was officially opened in 1888.

Michael Tangye records that the pump, plumbing and other infrastructure was made by James Tangye, the engineer, then a resident of the nearby Aviary Court. The impressive granite structure allowed access to the water supply for humans, a trough for horses and a smaller version for dogs.

The 1988 Mary's Well Dressing was a project organised jointly by Brian Tuck with Illogan school children, the Parish Council and Illogan parishioners to mark the Centenary of the installation of this important asset for the local community. A close-fitting frame was erected which was filled with a special clay into which flower petals and small flowers were pressed in colourful patterns lasting just a few days. A large gathering of children, parishioners, local dignitaries, clergy and the Press marked the occasion on a bright sunny day in June.

The 1996 Mary's Well Dressing, was part of a study on water in the community, and the idea of repeating the 1988 exercise was raised. Sadly, Brian Tuck was no longer present, but the frame was located in the Parish Clerk's garage, so once again the school-children, Parish Council and other parishioners joined forces to create an eye-catching feature. This time a different clay was used, probably modelling clay, and flower heads against a green background were used to provide an attractive display. The weather was not so kind on this occasion but the showery rain did not deter the enthusiastic gathering.

For the 2012 dressing to say that the weather was a bit unkind is a classic British understatement !

The 1988 wooden structure had long since disappeared but two garden pond safety covers were pressed into service and a combination of oasis flower foam bricks and numerous vases formed the basis of a stunning floral display. **(See also page 19)**

Brave volunteers Sigrid and Sylvia Rutishauser-James preparing the well on a very wet and windy mid-summers day !!

The first ocean deliberately rowed across was the Atlantic, by Frank Samuelsen and George Harbo, two Norwegians, in June 1896. They left Manhattan in their dingy 'Fox' on 6 June 1896 arriving on the Isles of Scilly, 55 days and 13 hours later, having covered 3,250 miles

The Summer term at Illogan school has proved to be a busy period for all those involved, Staff, Parents, Friends of the School and of course the children. An insight into Illogan village life is an important consideration as our children mature. This summer term they stepped up to the mark and proved their capability. Congratulations are in order.

Year 4 of Illogan School were involved in the dressing of Mary's Well. The event was held to commemorate both the Queens Diamond Jubilee and the Olympics. The last time this dressing took place was about sixteen years ago! Unfortunately, on

the planned day of dressing, due to the weather conditions, the event was held in the school hall.

Parents joined the children and listened to them singing and explaining some of the history of the well. The Reverend Mike Kippax and Council Chairman David Ekinsmyth also attended. Many thanks to everyone who

donated flowers and especially to Andrew Tompsett and Peter Malandine who spent the morning helping the children with their flower arrangements. The following day, when the weather improved, Peter and Andrew transported the flowers to the well and completed the well dressing. As you can see the flowers looked amazing.

Children from Illogan School were also involved in the Village Fair. The Foundation Classes learn all about where vegetables come from (not Supermarkets!) From the planting of seeds, to watering and weeding and tasting raw and cooked

vegetables. The slugs did have had a great feast on the sunflowers and some of the peas and beans but some plants had grown really well. Teaching Assistant, Teresa Davies decided that the school should enter some of the vegetables into the Horticulture Show at the Illogan Parish Fair. They entered 3 Long Carrots and won Second Prize, 3 Rhubarb Sticks and won Third Prize, 6 Pods of Peas and won Third Prize. Mrs Davies had already made some Date and Rhubarb Chutney using the rhubarb from school so she entered this into the show and this won First Prize with her own Apple Chutney coming Second!

Great news! The school plans to enter even more exhibits next year!

The gardening club from the school have been notably busy and, in addition to the events above, also entered into the Parish gardening competition. Under the guidance of TA Carol Downing and volunteer Marg Jury, the gardening area was found to be producing many fine examples of fruit, vegetables and flowers.

These were viewed by the competition judge Andrew Tompsett and the result was an outright win in category 4. The prize was a gift voucher which will enable them to select some products from Trevenson Garden Centre to go towards future gardening projects and, possibly, another entry into the competition next year.

The Parish Council would like to thank all the Children who were involved, the parents and others for donating the flowers, All the staff of Illogan School and of course Andrew and Peter who, with a small team of additional helpers, made the well dressing a huge success. They would also like to offer congratulations to the gardening club of the school for the successes resulting from their hard work.

The earliest known flower arranging dates back to ancient Egypt. Egyptians were decorating with flowers as early as 2,500 BCE. They regularly placed cut flowers in vases. Highly stylized arrangements were used during burials, for processions, and simply as table decorations.
