Councillor Crabtree declared an interest in the agenda item relating to mobile catering vendors in Illogan Park.

FC26/04/4 TO CONSIDER APPLICATIONS FROM MEMBERS FOR DISPENSATIONS

There were no applications for dispensations.

FC26/04/5 PUBLIC PARTICIPATION ON ITEMS ON THE AGENDA

Councillor Cullimore politely requested that members of the public avoid repeating points already made and refrain from interrupting Councillors, noting that Councillors extend the same courtesy when the public are speaking.

Councillor L Simmons re-entered the meeting at 7.04pm.

Members of the public raised several concerns:

- They objected to Cornwall Council's ultimatum on the use of glyphosate on highways, arguing that it poses risks to human health, wildlife, and the environment. They also felt the proposal contradicts the Council's Environment Emergency Declaration and Local Nature Recovery Plan.
- They strongly urged Cornwall Council to allow more time to develop a more considered and sustainable solution.

- It was noted that weeds are simply plants growing in inconvenient locations and can contribute positively to biodiversity, including supporting bee populations.
- Concerns were expressed that using glyphosate on large, established weeds could create slip hazards, with resulting debris requiring removal.
- Some stated that glyphosate reduces biodiversity and puts species at risk of extinction.
- It was suggested that glyphosate use has been restricted or banned in some areas for valid reasons; while it may appear cost-effective in the short term, there are concerns about longer-term impacts and costs.
- Reference was made to studies indicating that glyphosate may be harmful and potentially linked to cancer.

Councillor Crabtree explained that awareness of Cornwall Council's intention to reintroduce weed treatment only arose two weeks prior. Although Cornwall Councillors had been briefed on 6 March, this information had not been shared with town and parish councils. A public petition is available online, and residents are encouraged to raise their concerns directly with Cornwall Council and local Cornwall Councillors. 1 member of the public entered the meeting during this item at 7.05pm.

FC26/04/6 CHAIRMAN'S ANNOUNCEMENTS

The Chairman informed those present of the passing of former Councillor Geoff Williams MBE, and a one-minute silence was observed in his memory.

He expressed his thanks to the Community Events Committee for organising the litter pick, noting that it was well attended and that an excellent job had been carried out.

FC26/04/7 TO RECEIVE CORRESPONDENCE FROM CORNWALL COUNCIL REGARDING PUBLIC REALM IMPROVEMENT AND REINTRODUCTION OF WEED TREATMENT, AGREE ANY FUTURE ACTIONS AND ANY ASSOCIATED EXPENDITURE

- Strong concerns were raised about the use of glyphosate, with members opposing its reintroduction by Cornwall Council. It was noted that even when applied via a droplet applicator, there remains a risk of it entering waterways, particularly during rainfall.
- Had Cornwall Council considered biodegradable or less harmful weed control alternatives.
- The current level of weed growth was described as excessive, leading to access difficulties and potential trip hazards.
- Budget constraints were highlighted, particularly given the short notice, seasonal timing, and the Council's financial year limitations.
- Previous exploration of mechanical weed removal, undertaken just over a year ago, indicated costs exceeding £50,000 for a smaller area than that currently proposed by Cornwall Council.
- Alternative approaches were discussed, including residents maintaining areas outside their own properties and the use of community service initiatives.
- Concerns were raised that untreated weeds could lead to structural damage, such as kerbs becoming dislodged; it was noted that this risk had not been addressed in Cornwall Council's documentation.
- It was acknowledged that if Illogan Parish Council chose to opt out, they would need to implement a scheme of equal or greater effectiveness. However, the required timeframe of only a few weeks would not allow for a full tendering process.
- Responsibility and liability for footways, including weed management, were noted as resting with Cornwall Council in its role as Highway Authority.
- The potential for volunteer involvement in weed removal was considered, though doubts were expressed about whether sufficient community participation could be achieved.
- Overall, Illogan Parish Council felt they were in a "catch-22" situation: while there is a preference for a chemical-free approach, there are insufficient funds available to opt out of the Cornwall Council scheme.

FC26/04/7.2 It was proposed by Councillor Ford, seconded by Councillor Crabtree, and **RESOLVED that Illogan Parish Council does not opt out of the Cornwall Council Public**

Members considered the expressions of interest received, along with proposed refreshments, trading times, and the potential financial viability of the options. It was concluded that the Hidden Horse Box offering was too niche for Illogan Park, and that Greek cuisine would be more appropriate for lunch or dinner trading periods. Members also agreed that a consistent, regular offering would best meet the needs of Illogan Park users.
